

## **IMPLEMENTATION OF AGREEMENT FOR POMIGLIANO D'ARCO**

Today a meeting was held in Turin between Fiat and the trade unions CISL-FIM, UIL-UILM and FISMIC.

Participants at the meeting included the General Secretary of CISL, Raffaele Bonanni, the General Secretary of UIL, Luigi Angeletti, and the Chief Executive of Fiat, Sergio Marchionne.

At the meeting the parties agreed to implement the agreement reached with FIM, UILM, FISMIC and UGL on the 15<sup>th</sup> of June relating to production of the future Panda at Pomigliano d'Arco.

All signatories to the agreement agreed, given the vote in favor from a significant majority of the workers, on the need to guarantee continuity for the plant and the local supplier base and, in so doing, offering the employees at Pomigliano improved prospects for the future.

The Company and the trade unions that signed the agreement expressed their commitment to its implementation through mechanisms that will ensure the greatest operating flexibility at the plant.

Execution of the agreement according to the stipulated terms and conditions is essential to Fiat maintaining its commitment to realization of the *Fabbrica Italia* project.
